EXPERIENCE

Allied World | Underwriting Operations Assistant | Dublin, Ireland

May 2024 – Aug 2025

- Produced recurring management reports with validated figures for underwriting pipeline stakeholders.
- Maintained audit-ready e-filing database; liaised with Finance on payment reconciliations within SLAs.
- Onboarded and trained new hires on filing structures, report templates, and daily workflows.

SSP Group PLC | Shift Runner | Dublin, Ireland

Mar 2024 – May 2025

- Led busy shifts coordinating a team of 6+ across tills, floor coverage, and close-down.
- Reconciled daily takings, resolved discrepancies, and coached new team members.

PROJECTS

Global Profitability Dashboard – EcoEnergy Corp | Power BI, DAX, Power Query

2025

- Analysed 10 years of data across 5 regions and 10 product lines for a firm with a €8.46M net loss.
- Built star schema, DAX KPIs (YoY, MoM, rolling-12M, cost-per-unit), and Region → Product drill-through dashboards.
- Developed a 3-year predictive model projecting a turnaround to €3.09M annual profit (49.7% margin) via production hub outsourcing.

Professional ePortfolio | Quarto, GitHub Pages, HTML/CSS/SCSS

2025

- Built and deployed a multi-page portfolio site on GitHub Pages with custom SCSS styling and live project integrations.

PriceBeo – Grocery Price Comparison App | Python, PostgreSQL, REST API

2025 – Present

- Co-developing an Irish barcode-scanning app comparing live grocery prices across major retailers.
- Designed 6-table PostgreSQL backend; building investor pitch suite for a Dragons' Den-style presentation.
