

Aleksander Lupa

Dublin, Ireland | (+353) 87 144 1101 | aleklupa@gmail.com

PROFESSIONAL SUMMARY

Business Studies student specialising in Power BI—Power Query, DAX and dimensional modelling, with working knowledge of Python and SQL. Experience in underwriting operations and stakeholder reporting; trained new hires and maintained audit-ready records. Delivers clear, recommendation-led dashboards.

CORE COMPETENCIES

Stakeholder reporting • KPI definition • Power BI (Power Query, DAX, data modelling) • Data quality & validation • SQL (DDL, joins, 3NF) • Dashboard design & storytelling • Python (pandas basics)

EDUCATION

Dublin City University (DCU) — BSc Business Studies

Sept 2022 – Present | 2:1 Honours progression (Years 1–3)

St. Finians Community College — Leaving Certificate (440 points)

Sept 2017 – Jun 2022

CLIENT-FOCUSED ANALYTICS PROJECTS

Eco-Energy Analytics Dashboard — Power BI (Team)

Built a star schema and Power Query transformations; authored DAX KPIs (YoY, MoM, rolling-12M, cost per kWh). Delivered executive and operations pages with drill-through (Region → Site → Asset). Role: modelling/DAX lead; co-presenter.

Bookstore Operational Database — SQL (PostgreSQL)

Designed a 3NF transactional schema (Products, Customers, Orders, OrderItems) with keys, constraints and indexes; created join-based views for revenue and customer history. Tools: PostgreSQL + pgAdmin 4.

EXPERIENCE

Underwriting Operations Assistant — Allied World | May 2024 – Aug 2025

- Supported lines of business and TPA partners; updated accounts per underwriter instructions within SLAs.

- Produced management reports and validated figures; maintained an audit-ready e-filing/worksite database.
- Liaised with Finance on payment queries and reconciliations; on-boarded and trained new hires with step-by-step guides.

Shift Runner — SSP Group PLC | Mar 2024 – May 2025

- Directed front-of-house operations; enforced hygiene and service standards; reconciled daily takings and resolved discrepancies.
- Trained team members on POS, customer service and safety procedures.

TECHNICAL SKILLS

- Data Analysis & BI: Power BI (Power Query, DAX, data modelling), Excel (PivotTables, lookups)
- SQL & Data Modelling: DDL, joins, 3NF, constraints, indexing; PostgreSQL (pgAdmin 4)
- Programming: Python (currently learning in Final Year — pandas, matplotlib basics)
- Operating Systems: Windows (daily use), macOS (daily use), Linux (basic CLI)

ADDITIONAL

Languages: English (fluent), Polish (fluent); Spanish (learning)

Volunteering: Community service (2021–2022), Częstochowa, Poland
